EDUCATION

2022 - 2026

KONGU ENGINEERING COLLEGE

- B.Tech Information Technology
- Honors in Data Science
- CGPA: 8.30 / 10

2020 - 2022

BHARANI PARK MATRIC HR SEC SCHOOL

- HSC with 95%(2020)
- SSLC with 93.4%(2022)

SKILLS

- Java
- React Framework
- Figma Basics
- Adobe Photoshop Basics

LANGUAGES

- English: Fluent
- Tamil: Fluent
- German: Basics
- Telugu: Fluent
- Hindi: Intermediate

AREA OF INTEREST

- DBMS
- Data Structures

PAPER PRESENTATION

- Artificial Neural Network
- Classification of Arrhythmia using deep learning

CAREER OBJECTIVE

Seeking to leverage my skills in software development, contributing to innovative solutions, optimizing processes, and growing in a dynamic environment that values excellence, learning, and technical ingenuity.

PROJECTS

Mini Voice Assistant — Python

2025 - PRESENT

- Developed a real-time voice recognition system detect voice commands. Mapped commands to applications like Calculator and Notepad, with features like audio preprocessing and confidence-based validation, implemented in Python.

Mess bill Management System — Python and Sql

2023

- This project is a meal billing system for a mess, where fingerprint IDs are used to track students' meal consumption and update their bills dynamically. It calculates meal costs based on the day and time, updates the database, and provides real-time tracking.

Object Motion Detection-Python

2023

- This real-time motion detection project uses OpenCV to capture video, detect movement by comparing frames, and highlight moving objects, making it useful for security and surveillance applications.

ADDITIONAL CERTIFICATIONS

- Introduction to Career Skills to Data Analytics certification by MicroSoft.
- AWS Cloud practitioner Global Certification
- Webinar completion by GUVI in Gen AI
- DBMS Certification by Infosys

ACHIEVEMENTS

- Completed Hindi 4 Level of exams
- Completed Hindi 4 level spoken exam
- Completed Type writing exam of lower level.

INTERNSHIPS

Android development using flutter- codsoft

- Developed Alarm App and Quotes of the Day App

Machine Learning -codsoft

- Developed Movie Genre Classification System and SMS Spam Detection
